# Developing Collaborative

## Research Initiatives:

**How the Minority Student Achievement Network is Bridging the Research-Practice Gap**

Join **Executive Director Madeline Hafner, PhD** for a lively discussion about:

- the Minority Student Achievement Network's (MSAN)'s history,
- issues the districts face and Network strategies to address them,
- the "promises and pitfalls" inherent in developing authentically collaborative research efforts between school-based practitioners and academics, and
- how UW researchers and doctoral student become more involved in MSAN's work
